

# We're Here With You

Julien-K

What's this inactivity?  
I can show you the way.  
What's up with this apathy?  
Is this how you play?  
Is this how you play?

Where do you come from?  
Where do you stay?  
Is there something that I can see?  
Is there some other way?  
Is there some other way?

I need something, set me up  
Help me, set me up  
Touch me, set me up  
I need something, set me up

So let it go  
We're here with you  
We'll lose control  
So let it  
Go, go

I need something, set me up  
Help me, set me up  
Touch me, set me up  
I need something, set me up

I need something, set me up  
Help me, set me up  
Touch me, set me up  
I need something, set me up

So let it go  
We're here with you  
We'll lose control  
So let it

So let it go  
We're here with you  
We'll lose control  
So let it  
Go, go

So let it go  
Go
