Justice Crew

Good time baby, good time  
Good time baby, good  
Good time baby, good time

24/7 'stead of saving for the dollar baby, (ain't that what you really need,  
ain't that what you really want)  
It's written on your face you need to break before you go crazy (ain't that  
what you really need, ain't that what you really want)

Get your sexy ass up on the floor cause I know just how to light you up, light  
you up  
Said here's a little something to remember keep your hanging up

I could be your favourite thing tonight,  
I wanna make your body rock,  
wanna make your body rock,  
That ain't dancing till the morning light,  
(I ain't falling never with nobody)

I know you looking for a good time,  
I heard you looking for a good time,  
I know you looking for a good time,  
I heard you looking for a good time,

I know you looking for a good time,  
I heard you looking for a good time,  
Baby I could be a good time,  
Baby I could be a good time,

Tell me what's your poison if it's so right to let me know your vice (baby,  
I just gotta know)  
I give you just enough, let me satisfy your appetite

Get your sexy ass up on the floor, you be talking come and back it up, back  
it up,  
Leave your worries at the door, let's have ourselves a real good time,

I could be your favourite thing tonight,  
I wanna make your body rock,  
wanna make your body rock,  
That ain't dancing till the morning light,  
(I ain't falling never with nobody)

I know you looking for a good time,  
I heard you looking for a good time,  
I know you looking for a good time,  
I heard you looking for a good time,

I know you looking for a good time,  
I heard you looking for a good time,  
Baby I could be a good time,  
Baby I could be a good time,

Said girls all on the floor, let's dance (let's dance)  
Uh, fellas, get your backs up off the wall, let's dance (c'mon)

Girl I know just what you want,

Girl I got just what you want,

I know you looking for a good time,  
I heard you looking for a good time,  
I know you looking for a good time,  
I heard you looking for a good time,

I know you looking for a good time,  
I heard you looking for a good time,  
Baby I could be a good time,

Good time baby, good time  
Good time baby, good
