

# Life's a Party

Justice Crew

Let's live it up, let's make some memories  
Do what we want, tonight we're young and free  
Don't miss it out, come on here right now  
Don't let this moment slip away-ay-ay

C'mon put it on the line  
C'mon c'mon don't let it pass you by  
C'mon c'mon jump in, don't hesitate  
We're finally wide awake, so c'mon  
Come together, forget about tomorrow  
We've got no worries, just leave them all behind  
Don't you fight it, it's gone before you know it  
It's a Party, till I break this moment  
Life's a Party party party party  
Celebrate this moment!
