Justin Bieber

Ain't nobody got no patience  
Want what they want right now (One more time)

Ain't nobody got no patience  
Want what they want right now  
Ain't no need in being so anxious  
I can hear your heart beating out loud

Quit acting like we're in a race  
Beggin' me, you know I'm on the way over  
Take a moment to cherish this space  
So quick to move forward, no pressure

And we got the rest  
Got the rest, got the rest of our lives  
We got the rest  
Got the rest, got the rest of our lives  
All you ever really want  
Or all you ever really need is at home  
We got the rest  
Got the rest, got the rest of our lives

Oh-oh-oh-oh-oh-oh  
Oh-oh-oh, oh-oh-oh, oh  
Oh-oh-oh-oh-oh-oh  
Oh-oh-oh, oh-oh-oh, oh

Look at how it's all unfolding  
Yeah, persistence at its finest  
Like you wanted in before the door was open  
Instead of lettin' what's scripted play out

Quit acting like we're in a race  
Beggin' me, you know I'm on the way over  
Take a moment to cherish this space  
So quick to move forward, no pressure

And we've got the rest (Hey, hey)  
Got the rest, got the rest of our lives  
We got the rest (Oh-ooh)  
Got the rest, got the rest of our lives  
All you ever really want  
Or all you ever really need is at home  
Yeah, we've got the rest  
Got the rest, got the rest of our lives

Oh-oh-oh-oh-oh-oh  
Oh-oh-oh, oh-oh-oh, oh  
Oh-oh-oh-oh-oh-oh  
Oh-oh-oh, oh-oh-oh, oh
