

# It's Me

K-Ci & JoJo

Hold up, love  
I know I'm not the one that you've been speakin' of  
Rumors start  
But all the time I was the one who gave you so much love

You came along  
I was already in the game before I picked you up  
You broke my trust  
'Cause I thought you loved me, you just cashed me up

Now I'm through with you (you)  
You don't know what to do (to do)  
Now who's playin' fool  
You loved me now it's ugly

'Cause I'm not checkin' for you (no, no, no)  
Your hatin' and it cool (its so cool)  
Without me there's no you  
Now you're through 'cause I'm done with you

It's me who made it easy  
Now it's you tryin' to front and run game on me  
It's not like you can hang and sexy  
'Cause you wouldn't be known if you didn't know me

Hear me, mami, take it easy  
If you hate JoJo, you're hatin' K-Ci  
Speak up when they ask you, shorty  
Who's the one that made you, then say that it's me

Now you think  
Every thing that I done for you came so easy, uh  
And now you seem  
To be actin' like it really was you that made me

But you don't see  
When you step out on the scene that they really see me  
And no one seemed  
To even really notice you 'cause you're not with me

Now I'm through with you (through with you)  
You don't know what to do (what to do)  
Now who's playin' fool  
You loved me now it's ugly

'Cause I'm not checkin' for you (no, no, no)  
Your hatin' and it cool (said it's all cool)  
Without me there's no you  
Now you're through 'cause I'm done with you, you

It's me who made it easy  
Now it's you tryin' to front and run game on me  
It's not like you can hang and sexy  
'Cause you wouldn't be known if you didn't know me

Hear me, mami, take it easy  
If you hate JoJo, you're hatin' K-Ci

Speak up when they ask you, shorty  
Who's the one that made you, then say that it's me

It ain't cool you  
Tryin' play me (ooh...)  
Baby, I can't believe that I'm hearin' 'bout you  
Just tryin' play me (hear me)  
Baby girl, you're crazy
