And make it OK I miss you!

I always needed time on my own I never thought I'd need you there when I cry And the days feel like years when I'm alone And the bed where you lie Is made up on your side When you walk away I count the steps that you take Do you see how much I need you right now? When you're gone The pieces of my heart are missing you When you're gone The face I came to know is missing too When you're gone all The words I need to hear to always get me through the day And make it OK I miss you! I've never felt this way before Everything that I do reminds me of you And the clothes you left, they lie on the floor And they smell just like you I love the things that you do When you walk away I count the steps that you take Do you see how much I need you right now? When you're gone The pieces of my heart are missing you And when you're gone The face I came to know is missing too And when you're gone all the words I need to hear to always get me through the day And make it OK I miss you! we were made for each other out here forever i know we were all i ever wanted was for you to know everything i do i give my heart and soul i can only breath i need to feel you here with me When you're gone The pieces of my heart are missing you And when you're gone The face I came to know is missing too And when you're gone all the words I need to hear to always get me through the day
