

Without You

Kai

All that I keep thinking of
Are memories of our love
That's the way girl in my heart
When you left a part of me just died
I thought we'd be able to live a life..
I life of paradise

But now you've left
And all I have is gone
A lonely heart and song
I can't live without you
I can't breathe without you
It's the hardest thing
My heart has had to do
(Baby...ohhhh)

Girl I thought your love was right
But suddenly I find
Cupid shot a hole right through my heart
An empty void
There where you belonged
And now all that's left of me is a
I found out right from wrong

But now you've left
And all I have is gone
A lonely heart and song
I can't live without you
I can't breathe without you
It's the hardest thing
My heart has had to do
(Baby...ohhhh)
(2x)

Baby I've been waiting since you walked away (since you walked away)
To see you turn around, and to hear you say (waiting to hear you say)
(Say) you want me
(Say) you need me
(Say) you love me, now and always
Baby believe me I need you to come back to me

But now you've left
And all I have is gone
A lonely heart and song
I can't live without you
I can't breathe without you
It's the hardest thing
My heart has had to do
(Baby...ohhhh)
(2x)

'Cause I feel you fading away
(I thought that we were living life in paradise)
(I thought that we were living life in paradise)
