Dm G (2x)
   Dm
1. Time on your side that will never end
   G
   The most beautiful thing you can ever spend
   Dm
   But you work in a shirt with your nametag on it
   G
   Drifting apart like a plate tectonic
   G
                   Dm
R: It don't matter to me
  Am
                    в
   It's all I wanted to be
   G
                            Dm
   It's a million miles from here
  Am
                  в с
   Somewhere more familiar
2. Too much time spent dragging the past up
   I didn't see you not looking when I messed up
   Settling down in your early twenties
   Sucked more blood than a backstreet dentist
R: It don't matter to me...
   Dm
*: Oh my god, I can't believe it
   Dm
                           С
                                     Α
   I've never been this far away from home
   Dm
   And Oh my, god I can't believe it
   Dm
                           С
                                     Α
   I've never been this far away from home
   Dm
   And Oh my, god I can't believe it
   Dm
                           С
                                     Α
   I've never been this far away from home
   Dm
   And Oh my, god I can't believe it
   Dm
                           С
                                     Α
   I've never been this far away from home
3. Great ruins wait for greater glory
   The only thing growing is our history
   Knock me down I'll get right back up again
   I come back stronger than a powered up Pac-Man
   G
                   Dm
R: It don't matter to me
  Am
                  в
   Cos all I wanted to be
   G
                  Dm
   Was a million miles from here
   Am
           В
