

Cloak & Dagger

Kalle Baah

There's a cloak & dagger in di backyard and she watch me oh oh
She watch me go out and coming in
The road is straight, I don't step aside, I follow di rules
And hold on to the line
I watch my step, I watch my moves, I get a hold on myself
And enter di floor
I feel di heat, no I'm not sure, so I go take a look
Behind di door (there she was again)

Chorus

There was a lass in Charles harbour, that I couldn't forget
I knew her number, Russian roulette

But

I watch my step, yes I watch my moves
Me say there was a girl in Charle harbour, I knew her name,
I knew her number, oh that's a dangerous game
So I take a look behind di door (cause I better be sure)
