

# I'm Happy

Kandi

Oh, oh, oh,  
I guess you don't miss a good thing till it's gone!  
Gone!  
Is that why you're blowing on my phone?  
Well, I'm sorry but it took you too long, long  
To realize that I'm the one you want!  
Oh, I guess you're...  
Another man is getting my time,  
He has my attention,  
Is that why you come around now?  
Someone else has me smiling,  
Someone else makes me laugh,  
Someone else makes me feel good!  
And you don't want that, oh no!

[Chorus:]  
You can't come back, now,  
Cause I'm happy, I'm happy!  
No, no, no!  
You can't come back, now,  
Cause I'm happy, I'm happy!  
I'm so happy!  
I'm happy!  
Yes I am, yes I am, yes I am, yes I am!  
I'm so happy!  
Yes I am, yes I am, yes I am!  
Oh, yes, oh yes, I'm so, so happy!

When I called you, you never had time,  
Like I was the last thing on your mind.  
I finally decided to stop trying  
But now you wanna come back and rewind.  
I'm with someone else, baby!  
Somebody else's baby!  
I'm someone else's sweetheart,  
And that drives you crazy!  
I don't really think you want me,  
You just don't want no one to have me!  
So why leave my new men  
To go back to the same things?

[Chorus:]  
You can't come back, now,  
Cause I'm happy, I'm happy!  
No, no, no!  
You can't come back, now,  
Cause I'm happy, I'm happy!  
I'm so happy!  
I'm happy!  
Yes I am, yes I am, yes I am, yes I am!  
I'm so happy!  
Yes I am, yes I am, yes I am!  
Oh, yes, oh yes, I'm so, so happy!

Did you think that I'll sit  
And just wait in the corner,  
When you came back to steal me right here?

Well I waited so long, that I've happy moved on,  
And now you wanna act like you...  
No you, no  
Cause I'm so happy...  
So you can't come back now,  
Cause I'm happy, I'm so, so, I'm so happy!  
Yes I am, yes I am, yes I am  
I'm so, I'm so, I'm so,  
He makes me so happy  
I'm so happy!  
Yes I am, yes I am, yes I am  
I'm so, I'm so, I'm so happy with him!  
So don't call me no more, don't knock on my door!  
Cause my other man is gonna be here,  
Making me happy, yeah!
