

Tell The Vision

Kanye West

Nigga, we made it
Nigga, we made it
Nigga, we made it

Nigga, we made it (Grr, woo, bah)
Nigga, we made it, we made it (Woo)
Nigga, we made it (Woo)
Thank God that I made it (Grirt, bah)
Nigga, we made it, we made it (Woo)
Look, momma, I made it (Grirt)

Look, I remember the days, same fit for a week straight
I used to eat fifty-cent cake, now it's Philippe's
It's Philippe's for the steak, buy it, I don't care what it costs
And I always keep a pole, I did a hundred on a pro
If you droppin' a woo, we come where you live
Glock 9, infrared, pull up and empty the clip
Dread had the strap all summer in the Floss movin' reckless
Please do not play with me, nigga, I keep a K with me

Nigga, we made it (Grr, woo)
Nigga, we made it, we made it (Woo)
Nigga, we made it (Woo)
Thank God that I made it
