

# Dam

Kasey Chambers

Do you think  
That you've come far  
Through winds so hard  
And are you as disgruntled  
As you appear  
Are you wishing that I wasn't here

Well one day soon that dam is gonna break  
And it'll wash you away,  
It'll wash you away  
Yeah one day soon that dam is gonna break  
And it'll wash you away,  
It'll wash you away  
From me

Do you know love  
Do you push it below you  
Or does it own you

And are you as ungrateful  
As you appear  
Are you wishing I wasn't here

Well one day soon that dam is gonna break  
And it'll wash you away,  
It'll wash you away  
Yeah one day soon that dam is gonna break  
And it'll wash you away,  
It'll wash you away  
From me

And that's the best damn thing  
That could happen to you  
Yes that's the best damn thing  
That could happen to you  
That could happen to you  
That could happen to you  
That could happen to you  
For you
