

Hollywood

Kasey Chambers

If I was in a movie
I would hold my head up high
And if I was in a movie
I would never be this shy
I would shout out loud and be so proud
Of what I have to say
And if I was in a movie
I would never let you get away

If I was in a movie
I would stand the test of time
If I was in a movie
I would get away with crime
I would run so fast
And always last the distance of the day
And if I was in a movie
I would never let you get away

This is not Hollywood
There is no camera in my room
This is not Hollywood
The flowers grow before they bloom
Well you can hide away when you walk in dusky light of night
This is not Hollywood
This is my life

If I was in a movie
I would never be this sad
If I was in a movie
I would have more than I have
I would show the world I'm just a girl
Who has so much to say
And if I was in a movie
I would never have let you get away

This is not Hollywood
There is no camera in my room
This is not Hollywood
The flowers grow before they bloom
Well you can hide away when you walk in dusky light of night
This is not Hollywood
This is my life

Yeah this is not Hollywood, this is my life
