Calling You

Kat DeLuna

I'm feelin' like I got the world in the palm of my hands It's like I'm with you when nobody else is here, yeah Me and you in here together are perfect Just come a little closer, oh yeah, yeah

Hold on to me and feel the music Free yourself tonight

Oh, just do what you want, what you want like nobody's watchin' Do what you want, what you want, keep the party rockin' What, what, what, give it up like nobody's watchin' You know the rhythm's calling you Lose control, the rhythm's calling you

I can't seem to get this curiosity out my head 'Cause when I'm next to you, you make me wanna take you there Whatever you need, you can find in me 'Cause I feel like, boy, touch me there Chemistry is flowing, keep me going don't stop, baby

Hold on to me and feel the music Free yourself tonight

Oh, just do what you want, what you want like nobody's watchin' Do what you want, what you want, keep the party rockin' What, what, what, give it up like nobody's watchin' You know the rhythm's calling you Lose control, the rhythm's calling you

Calling you, calling you, calling you The rhythm's calling you The rhythm's calling you The rhythm's calling you

Oh, just do what you want, what you want like nobody's watchin' Do what you want, what you want, keep the party rockin' What, what, what, give it up like nobody's watchin' You know the rhythm's calling you Lose control

Oh, just do what you want, what you want like nobody's watchin' Do what you want, what you want, keep the party rockin' What, what, what, give it up like nobody's watchin' You know the rhythm's calling you Lose control, the rhythm's calling you

Do what you want, what you want like nobody's watchin' Do what you want, what you want, keep the party rockin' What, what, what, give it up like nobody's watchin' You know the rhythm's calling you Lose control, the rhythm's calling you
