

Just Luv Me

Kat Graham

I can bet you'll never find another
Can love ya like I love ya, can do you like I does ya
I can bet you'll never find a girl
Who can rock your world like I do, I bet you

I wouldn't stop blowin' up my phone
If I was you, there wouldn't be a day that I was gone
Never checkin' out the girl who isn't on your arm
'Cause a day without me is the day that you don't want

Just love me, baby
Don't wanna lose your lady
Trust me when I say that
Just love me, baby

I can bet you'll never be the same if I walked away
I can bet you'll get down and you'd beg
Pullin' on my leg, "Don't leave me, baby"

I wouldn't stop blowin' up my phone
If I was you, there wouldn't be a day that I was gone
Never checkin' out the girl who isn't on your arm
'Cause a day without me is the day that you don't want

Just love me, baby
Don't wanna lose your lady
Trust me when I say that
Just love me, baby

You better not stop (you better not stop)
You better not quit (you better not quit)
Baby, don't mess up (baby, don't mess up)
'Cause baby, I'm the shit (baby, I'm the shit)

I don't know how you do it
I don't know how you get through this
Livin' a day without me, you'd be crazy
Boy, just love me, yeah

Just love me, baby
Don't wanna lose your lady
Trust me when I say that
Just love me, baby
Just love me, baby
Don't wanna lose your lady
Trust me when I say that
Just love me, baby, just love me, baby
