

# Northern Lights

Kate Boy

See the fire, watch it grow  
Even when I've got my eyes closed, oh  
Sleeping deep into me  
I can feel you breathing in my bones

And I follow blind  
Through a tunnel mind we meet  
And it's burning bright  
And I feel it cry for me

Reaching out for the northern lights  
Leave it all behind  
Reaching up for the neon sky  
Now our stars align

And everything we touch turns to gold  
Never ever let go  
'Cause everything we touch turns to gold  
So never ever let go

Colour in, colour out  
See my breath and feel the ice-white heat  
Pick me up, slam me down  
'Cause my heart is hearing every beat

And I follow blind  
Through a tunnel mind we meet  
And it's burning bright  
And I feel it cry for me

Reaching out for the northern lights  
Leave it all behind

And everything we touch turns to gold  
Never ever let go  
'Cause everything we touch turns to gold  
So never ever let go
