

# Be Kind To My Mistakes

Kate Bush

It is this that brings us together.  
It is this that brings us together.

It's all right, darling,  
We can do this together.  
It's all right, darling,  
I can think of nothing better.

I don't know you,  
And you don't know me.  
It is this that brings us together.

I don't know what you are (It is this that brings us together.)  
Looking for in me. (It is this that brings us together.)

I don't know what I want,  
But my heart is leading.

Am I yours? Are you mine?  
We'll find all we're meant to find.  
In your life, in my life,  
There are secrets too dark  
To let out, to let go of,  
To get over.

But that's all right, baby.  
That's all right by me.  
'Coz, it's all right now.

(Just let me say)  
Please, ("Yea, yo, yea, yo!")  
Please, ("Yea, yo, yea, yo!")  
Please, ("Yea, yo, yea, yo!")  
Please be kind,  
Be kind,  
To my mistakes.  
Be kind,  
Be kind  
To me.

"Lum, lum, lum..."
