

Since I Fell for You

Kate Ceberano

When you just give love, and never get love
You better let love depart
I know it's so inherent
I know, I can't get you out of my heart

You, made me leave my happy home
You took my love and now you're gone
Since I fell for you

Love, brings such misery and pain
I guess I'll never be the same
Since I fell for you

Love, brings such misery and pain
I'll guess I'll never be the same
Since I fell for you
It's too bad and it's so sad
Now I'm in love with you
First you love me and then you snub me

But what can I do
I'm still in love with you
I guess, I guess, I guess I'll never see the light
I get the blues bout you every night
Since I fell for you

But what can I do
I'm still in love with you
I guess, I guess, I guess I'll never see the light
I get the blues bout you every night
Since I fell for you
