

# Falling

Kate Havnevik

Let us conspire  
Admire the wild  
Watching the waters  
Move like animals

Sun-heavy, swooning  
Like you and I  
It flows between us  
Around us and inside

Falling out  
Or falling in  
You think it over  
Are we falling out  
Or falling in?

While you are swerving  
I'm climbing your thoughts  
Follow your footprints  
Tracing you call

Weirdly shaken  
Interrogation  
Keeping me awake

Falling out  
Or falling in  
You think it over  
Are we falling out  
Or falling in?

As we conspire  
Love undecided  
Circling the sun

Falling out  
Or falling in  
You think it over  
Are we falling out  
Or falling in?
