

Free & Wild

Kate Voegele

I'm running faster than I ever have in my life
But I don't know where to
My reckless heart is beating hard, ain't go no idea why
But why should I have to?

Stick and stones and open roads are all beneath my feet
But you and me that's how we'll always be

We're free and wild
Time is on our side
The sweet, sweet music
Of laughing till we cry
The road is always long but one step at a time
We'll keep on dreaming till everything's alright
We're free and wild

Woke up with flowers in my hair
I feel like a child again
I breathe in the canyon air, let the wind whisper in my ear
Cause it knows where I've been

I walked the map and magic happens rambling through this land
For all I know on holy ground we stand

We're free and wild
Time is on our side
The sweet, sweet music
Of laughing till we cry
The road is always long but one step at a time
We'll keep on dreaming till everything's alright
We're free and wild

Stick and stones and open roads are all beneath my feet
But you and me that's how we'll always be

Free and wild (oh I was born free)
Time is on our side (it's in my heartbeat)
The sweet, sweet music (the music's so sweet)
Of laughing till we cry (oh)
The road is always long but one step at a time (oh I was born free)
We'll keep on dreaming (it's in my heartbeat)
Till everything's alright (the music's so sweet)
We're free and wild (oh I was born free)
Time is on our side (it's in my heartbeat)
The sweet, sweet music (the music's so sweet)
Of laughing till we cry (oh)
The road is always long but one step at a time (oh I was born free)
We'll keep on dreaming (it's in my heartbeat)
Till everything's alright (the music's so sweet)
We're free and wild (oh)
