

Say You're Mine

Kate Voegele

I bit my tongue for too long
My patience gets a bit thin
I gotta tell you the way that it is
I think you know this is something different we've started
We're more than ordinary
There's something about the way that the world looks
Brighter when I'm next to you

No one's gonna love you like I will
Darlin' you can just take take take your time
And I've been burning up like a wildfire
Wishing you would just say say say you're mine, mine
You're mine

Let's get ourselves outta town
We'll take the last train out
I got a million things I wanna know
It's easy baby with us there's nowhere we can't go
And this love it doesn't scare me
'Cause I'm running out of reasons not to feel this
I can tell you're dying to try

No one's gonna love you like I will
Darlin' you can just take take take your time
And I've been burning up like a wildfire
Wishing you would just say say say you're mine, mine
You're mine

Don't you wonder what it'd be like
Underneath the streetlights
You and me
With the city wrapped around us
If no one ever found us
It's fine with me

No one's gonna love you like I will
Darlin' you can just take take take your time

No one's gonna love you like I will
Darlin' you can just take take take your time
And I've been burning up like a wildfire
Wishing you would just say say say you're mine, mine
You're mine
