

# We the Dreamers

Kate Voegele

Pretty girls they have it easy  
Livin' the strawberry kiwi life ahhh

And me I just fill up on coffee  
Let the caffeine do the talkin' ahhh

Well I'll always miss you  
And I'll always wish you been mine

Well if I was an english teacher  
I probably could get you to dance with me

Robert Frost is in your wallet  
The road less walked or whatever you call it

I'll always miss you  
And I'll always wish you'd been mine

And lord I'm afraid that after tonight  
there won't be a way to see you  
and just for the sake  
of our story line  
i'll wait a day to break the bad news

So by myself a cheap apartment  
and i'll buy my heart a secret compartment

And when your memory starts to surface  
I'll toast to mistakes made on purpose

Now I'll always miss you  
And I'll always wish you'd been mine

It takes an idealist to know one  
Me and you we had that going for us yeah yeah

And we the dreamers chase forever  
so at least for now we'll be together  
oh I guess

Well I'll always miss you  
And i'llll always wish you'd been mine

I'll always miss you  
And i'llll always wish you'd been mine
