

# I Will Follow

Katie Herzig

You were in a dream I had  
Doing dishes at the laundry mat  
And then you smiled at me  
You said lets hide and seek  
I'm gonna count to three  
Where did you go

One step forward two steps back  
So funny I forgot to laugh  
You lead me down the garden path  
And I will follow  
I will follow

I saw you on a downtown street  
Eating peaches in an apple tree  
You said take my hand  
We'll be a marching band  
They'll love us in Japan  
Where did you go?

One step forward two steps back  
So funny I forgot to laugh  
You lead me down the garden path  
And I will follow  
I will follow
