

Learn to Hide

Katie Herzig

We were young
We were everyone's young
We were everyone seeking
Seeking out the ways of love
We were free
How we dared to be free
Cause we didn't know better
Better than we'll ever be

Oh but we learned to hide
Should have known better but we learned to hide

We would be calling out to the sea
Daring waves to believe in
Under the watch of the breeze

Oh but we learned to hide
Should have known better but we learned to hide

Oh but we learned to hide
Should have known better but we learned to hide

...
