

Moment of Bliss

Katie Herzig

Hold your head up, I know you're tired
You can't wait so you meditate to the height
To make an emotion, you're blocking the view

Say you'll never, say you'll never
Say you'll never, waste another
Moment of bliss, hanging around
While you're waiting for it

(Woo, woo)
(Woo, woo)

You were looking for a plan
While you're holding it all in the palm of your hand
You don't need an answer to tell you what's true

Say you'll never, say you'll never
Say you'll never, waste another
Moment of bliss, hanging around
While you're waiting for it

(Woo, woo)
(Woo, woo)

We... we get lost to ourselves
Let's hold on to ourselves
For the ride darling

We... we get lost to ourselves
Let's hold on to ourselves
For the ride darling

We... we get lost to ourselves
Let's hold on to ourselves
For the ride

(Woo, woo)

Say you'll never, say you'll never
Say you'll never, waste another
Moment of bliss, hanging around
While you're waiting for it

(Woo, woo)
(Woo, woo)

Say you'll never, say you'll never
Say you'll never, waste another
Moment of bliss, hanging around
While you're waiting for it

(Woo, woo)
We... we get lost to ourselves
(Woo, woo)
Let's hold on to ourselves
For the ride
