

Sweeter Than This

Katie Herzig

Life is in boxes in back of our car
Driving around with the dreams in a jar
And it's alright here

I'll feed you ramen and you'll braid my hair
Anything goes when you don't even care
When you're this far in love

If it gets any sweeter than this, I don't want to know
If it gets any sweeter than this, I don't want to know

I want a garden and you want a coke
Livin' is simple when love is a broke
You can fix anything with a kiss

If it gets any sweeter than this, I don't want to know
If it gets any sweeter than this, I don't want to know

You read your book baby I'll float away
Takin' a nap on your lap in the shade
I could hold your hand all day

If it gets any sweeter than this, I don't want to know
If it gets any sweeter than this, I don't want to know
If it gets any sweeter than this, I don't want to know
I don't want to know, I don't want to know ...
