

# First To Say Goodbye

Katrina Carlson

Late nights alone in the kitchen  
Trying to separate fact from fiction  
I'm going crazy, how much more can I take  
It's getting dark, the walls are talking  
I'm giving up, but then you walk in  
Reachin' out to hold you, but it's all a mistake if

(Chorus)

It's over, I don't wanna be afraid to say  
It's over, maybe we're better off this way  
It's over, love either grows or it dies  
But no one wants to be the first to say goodbye

You used to get me I got you  
Now nothing ever seems to get through  
I'm trying to feel you, but the feeling is gone  
Your side of the bed's been empty  
Even when you're there it's empty  
My heart is breaking, but I've got to be strong if

(Chorus)

Never say never, never say forever  
You know I love you, but we just can't stay together  
Cause it's

Over... now it's  
Over, who's gonna be the one to say  
It's over, who's gonna turn and walk away  
It's over, love either grows or it dies  
But No one wants to be the first to say... goodbye
