

Getaway Car

Katrina Carlson

I wait by high curb, motor running
Can't breathe or speak a word
I know you're coming
My heart beats uneasily
You make me, you make me feel like a thief

(Chorus)
Is it a crime to love you still?
I'm doing time against my will
Is it a crime to love who you are?
Or do, do, do... do I need a Getaway Car?

I feel like your hired gun
Fired and smokin' hot
You've always been the wild one
Everything I'm not
You say "hey take it easy
And nobody, nobody gets hurt"

(Chorus)

Why do I want you?
Your love is dangerous
But there's nothing like you
Nothing like the two of us

You say "Hey, take it easy
And nobody, nobody gets hurt"

(Chorus)
