

Self Inflicted

Katy Perry

- G** **Em**
1. Remember when I dove into the ground
C **G**
And I got a bloody knee under my skin
Em
A scar from wiping out
C **C+**
It brings back the memories
Em7 **Cadd9**
Every bone's been broken
D **Dsus4**
But my heart is still wide open
- G** **D** **Em**
R: I can't stop, don't care if I lose
Bm **C**
Baby, you are the weapon I choose
D
These wounds are self-inflicted
G **D** **Em**
And I'm going down in flames for you
Bm **C**
Baby, you are the weapon I choose
D **C**
These wounds are self-inflicted
D **G**
One more thing I'm addicted to
2. With each scar there's a map that tells a story
What a souvenir of young love's like
Jumpin out an airplane right in a tidal wave of
emotion
My heart rips me wide open

R: I can't stop...

Em **G**
And I, cover up these scars

(we make up, then we break up)
Em **G**
And I, cant stop seeing stars

D
(I'm so knocked out whenever you're around)

R: I can't stop... (2x)

Ooh I can't stop, no I can't stop
Oh I'm going out in flames
Oh I'm going down in flames
Oh
Baby you are the weapon I choose
Baby you are the weapon I choose...
