

# Teary Eyes

Katy Perry

Have you ever lost, lost the light in your life?  
Have you ever left, left yourself behind?  
Have you ever lied and just replied "I'm fine"?  
'Cause I can see you've lost, lost the light in your life

Wanna run like your mascara  
Wine-stained lips talkin' to the mirror  
If the sun comes up, don't even care at all

Just keep on dancin' with those teary eyes  
Just keep on dancin' with those teary eyes  
Promise one day, baby, they're gonna dry  
Just keep on dancin' with those teary eyes

If love has left you with, with a question mark  
If trust has left you fallin' in nobody's arms

If you wanna hide like your emotions  
Heart can't break, it's already broken  
If the sun comes up, don't even care at all

Just keep on dancin' with those teary eyes  
Just keep on dancin' with those teary eyes  
Promise one day, baby, they're gonna dry  
Just keep on dancin' with those teary eyes

Oh, oh  
Oh, oh  
Just keep on dancin' with those teary eyes

Wanna run like your mascara  
Wine-stained lips talkin' to the mirror  
If the sun comes up, don't even care at all

Just keep on dancin' with those teary eyes (Oh)  
Just keep on dancin' with those teary eyes  
Promise one day, baby, they're gonna dry  
Just keep on dancin' with those teary eyes

Keep on dancin' (Oh, oh)  
Keep on dancin' (Oh)  
Keep on dancin' (Oh)  
Just keep on dancin' with those teary eyes
