

Fool For A Pretty Face

Keel

Will you tell me you want me
You say that me you want me
You say that you really care
Don't you tell me lies
'Cause when you leave me honey
You're gonna have a cross to bear

But it's two kind of people
that just can't stand
And that's a lyin' woman
or a beggin' man
Ain't nobody else gonna
take my place
'Cause I'm just a
Fool For A Pretty Face

I've been kicked - I've been hit
But I didn't hurt a little bit
Dick kicked nose picked
Even got my finger pricked
I've been hurt by love

I've been hurt by love
I've been hurt by love
I've been hurt by love
'Cause I'm a Fool For A Pretty Face

Now I don' have no reason
To think that you're mine
So why don'tcha keep your
love light shine

No I don't wanna hurt you
I ain't on your case
You can bet a nicket on a
Worn-out dime
I'm a Fool For A Pretty Face
