

# Nights Like This

Kehlani

You act like you need remindin'  
Tryna do it over, bring it back and rewind it  
But all that glitters isn't gold, I was blinded  
Should have never gave you my heart on consignment

And I can't believe the lies that I went for  
Thought you was mine, but you decided to be with him though  
You took my feelings and just threw 'em out the window  
Feel like it's too hard to fall in love again, no

On some nights like this, shawty, I can't help but think of us  
I've been reminiscin', sippin', missin' ya  
Can you tell me what's with all this distant love?  
If I called, would you pick it up?  
On some nights like this, I just wanna text you, but for what?  
You gon' say you want me, then go switch it up  
Just gon' play with my emotions just because, no (Oh)

All them times I played the fool for you  
Thinkin' we could put it back together, thought we had forever  
You never see my point of view  
Our connection is so severed, you don't show no effort

And I can't believe the lies that I went for  
Thought you was mine, but you decided to be with him though  
You took my feelings and just threw 'em out the window  
Feel like it's too hard to fall in love again, no

You gon' get my hopes high, girl  
You gon' get my hopes high, girl  
Just gon' tell me more lies, girl  
Just gon' get my hopes high, girl

I've been way too good to you, you take me for granted  
You was my day one since back at Big B's house on Adams  
First day that we met, I flagged you down, I told you, "Hit my line"  
Used to promise me you'd never switch on me like Gemini  
You think I'm a fool, ain't nobody stupid  
I see all the signs, I see all the clues  
Yeah, sometimes I reminisce 'bout that shit when I'm bingin'  
Can't believe it's been a whole year, yeah, but...

On some nights like this, shawty, I can't help but think of us  
I've been reminiscin', sippin', missin' ya (Missin' ya)  
Can you tell me what's with all this distant love? (Love)
