Jack of all trades Master of all Beautiful is what you are But you got brains, baby-girl, you're smart Not just the fact, girl, we think like Not just the freak and the bear But you can do the job and try what you can't Girl, you know my mind simultaneously You should be rewarded for everything you do Girl, you're amazin' to me You're my genius girl You're my genius girl Girl, you're my genius girl I'm so glad that I found you Girl, I love bein' around you You're my genius girl You're my genius girl Girl, you're my genius girl, my genius girl Girl, you're my genius girl Stormin' out there, we're in the bed Don't have to ask, you just know what to do So intelligent, sexy and wonderful You took time out to study me, you know my anatomy And, oh, yeah, let's not forget You're upon me shell and you can burn, girl (You can cook as good as you look) And I'm iron to the magnet I could greet you my head You're my genius girl You're my genius girl Girl, you're my genius girl Yes, you are, yes, you are So glad, yeah You're my genius girl You're my genius girl Girl, you're my genius girl, my genius girl Girl, you're my genius girl (You're the definition of what) You are the definition of what every woman should be like, baby (You're more precious than diamonds and pearl) You're more precious than diamonds and pearls, yeah (You were created from the wind up above)

You were created from up above, baby Every day, I have a reason to celebrate

Girl, I got you in my life

You're my genius girl You're my genius girl Girl, you're my genius girl

She's perfect in every way What more can I say?

You're my genius girl You're my genius girl Girl, you're my genius girl, my genius girl Girl, you're my genius girl

You're jack of all trades Mantle of the morn, yeah Such a genius, baby Guy wouldn't takes the job Has made so gravy, gravy

You're my genius girl You're my genius girl Girl, you're my genius girl, my genius girl Girl, you're my genius girl

Oh, baby, baby, oh, baby, baby
Oh, yeah, yeah, oh, baby
Oh, yeah, oh yeah, oh, yeah, girl
I love you, I want you
