

Seems like no one is surprising  
Anymore, it's not that I'm  
Ungrateful, I'm just a little bored  
Sure I'm self sufficient blah blah  
Independent. Truthfully I've got  
Some space. I want that  
Man to fill it

Don't need another friend  
Let's say for instance  
And as a rule  
I don't believe  
Don't do long distance  
So I'm looking for a sailor or an arson expert  
Someone I can tell them, say

I want to be blown away  
Blow me away  
I want to be blown away  
I want to be blown away  
Blow me away  
I want to be blown away

I know I don't look it  
But I can cook  
I'm really pretty simple I  
Like what I should  
You'd think it be really easy  
If it was I would  
But people seem too crazy  
So I read a book

I don't want to send a search party  
If he's smart I can wait  
And he'll find me  
So for now. I'll just say what  
I'm lookin' for, one more time

I want to be blown away  
Blow me away  
I want to be blown away  
I want to be blown away  
Blow me away  
I want to be blown away  
Blow me away  
I want to be blown away
