Kelly Clarkson

G C G C

G **C**
1. He drowns in his dreams
G **C**
An exquisite extreme, I know
G **C**
He's as damned as he seems
Ami **D**
And more heaven than a heart could hold
Emi **D**
And if I tried to save him
Bmi **Emi**
My whole world could cave in
C **Cmi**
It just ain't right, it just ain't right

D
R: Oh and I don't know
C
I don't know what he's after
D
But he's so beautiful
C G
Such a beautiful disaster
D
And if I could hold on
C
Through the tears and the laughter
D
Would it be beautiful?
C G
Or just a beautiful disaster?

2. He's magic and myth
As strong as what I believe
As strong as what I believe
A tragedy with
More damage than a soul should see
And do I try to change him
So hard not to blame him
Hold me tight baby hold me tight

R: Oh and I don't know...

Cmi **B F**
I'm longing for love and the logical
B **F** **Gmi**
But he's only happy hysterical
Cmi **B F**
I'm waitin' for some kind of miracle
G C
Waiting so long,
G C
So long
G **C**

He's soft to the touch

G **C**

But frayed at the end he breaks

G **C**

He's never enough

Ami **D**

And still he's more than I can take

R: Oh and I don't know...

G **C**

He's beautiful

G **C**

Lord he's so beautiful

G **C** **Ami** **D**

He's beautiful
