

Pray For Me

Kem

La-la, oh yeah, hey yeah,
La-la, oh yeah oh bae, mmm mmm
It's a whole new world taking over
Over my life, over my will
And mama I feel like a soldier
And keeping my eyes on the hill

So pray for me, oh pray
Pray for me, pray for me
Darling please, pray for me
Oh pray, pray for me

When I call out follow my needs?
Will I confess what I believe?
If we walk by what we see
Then we may never ever be free

Oh pray for me, pray for me
Please pray, pray for me
Darling please pray for me
Oh pray, pray for me

It must be you covering me
The more I hurt, the more you believe
I lay my cares out on the sea
A little more faith is all I need

Please pray for me, oh pray
Pray for me, girl pray for me
Darling please, pray for me
Oh pray, pray for me

Eh pray for me, pray for me
