

A Chance

Kenny Chesney

Girl, don't you know it's all I can do
To keep my hands off of you
Anytime you're around
And when the stars come out at night
I dream of holdin' you tight
Everytime I lay down
It feels so good to me to have you this bad
The only other thing I wish I had was

A chance
A chance
To tell you how I feel about you
How it feels to live without a chance
A chance
To tell you I'll love you forever
Knowing that I'll never have a chance

Sometimes reality hurts
And you wonder if life's worth living at all
Knowing no matter how much you care
You'll never have a prayer
Of having what you want
At least I've been close enough I could taste
Beauty at it's best but never a trace of

A chance
A chance
To tell you how I feel about you
How it feels to live without a chance
A chance
To tell you I'll love you forever
Knowing that I'll never have a chance

A chance
A chance
To tell you I'll love you forever
Knowing that I'll never have
The chance
