

# We Do

Kenny Chesney

We gather tonight for a celebration  
Under the flag of a no-shoes nation  
Speakin' our gospel, seekin' our truth  
Brothers in arms, and sisters in cowboy boots  
(Who gets to live like we do?)  
Raisin' the roof  
(Who gets to live like we do?)

We come down from the mountains, come up from the coast  
We're all comin' out of some kinda comatose  
Fill up our cups with a little bit of freedom  
Come on, hold 'em up, everybody, let me see 'em

Yeah, we laugh and we love  
And we can't get enough  
As loud as we're livin', man  
We still turn it up  
We're amplified, come alive  
Side by side  
No matter where it goes  
You know we're here for the ride

Who gets to roll like we do? (we do)  
Yeah, who wants to rock like we do? (we do)  
Yeah, who ain't gonna stop, man, no matter what?  
Who gets to live like we do? (we do)

We drag this circus from town to town  
Full of jesters, and jokers, and vibe room clowns  
To your parkin' lot parties full of pirates like us  
And we all come together when the curtain comes up

Yeah, we laugh and we love  
And we can't get enough  
As loud as we're livin', man  
We still turn it up  
We're amplified, come alive  
Side by side  
No matter where it goes  
You know we're here for the ride

Who gets to roll like we do? (we do)  
Yeah, who wants to rock like we do? (we do)  
Yeah, who ain't gonna stop, man, no matter what?  
Who gets to live like we do? (we do)

Not really sure who's liftin' up who  
You came to see us  
We came to see you, too  
Yeah, it's true

And who gets as high as we do? (we do)  
Who touches the sky like we do? (we do)

Yeah, we laugh and we love  
And we can't get enough  
As loud as we're livin', man

We still turn it up  
We're amplified, come alive  
Side by side  
No matter where it goes  
You know we're here for the ride

Who gets to roll like we do? (we do)  
Yeah, who wants to rock like we do? (we do)  
Yeah, who ain't gonna stop, man, no matter what?  
Who gets to live like we do? (we do)
