

# You're My Love

Kenny Rogers

You wanna know if I care for you  
You ought to know by now  
How can you stand there just pretending  
And you know how I feel.

'cos baby you're my love  
and I love everything you do to me  
you're my love  
and I love when you're around  
you're my love  
and I've never let you down.

You wanna know what I see you  
I can really say it for sure  
All I know is I need you  
More than I've ever needed  
Anyone else before.

'cos baby you're my love ....

seasons changing faster than they do  
and we be gone  
it's funny but we didn't seem to care  
the only thing we cared about  
was keeping you out, our strong  
as long as you're there  
I'll always care.
