

# Caribbean Moon

Kevin Ayers

A rum-lime honey sing a magical tune  
Found her underneath the Caribbean Moon  
Wind is blowin' in the coconut tree  
Blowin' the moonlight over you and me

Hey Caribbean moon yellow yellow  
Caribbean moon yellow yellow  
Caribbean moon yellow yellow  
Caribbean moon shine all night

Calyпсо singer singin' in the sun  
Sing about the rivers of Babylon  
Rasta music, Caribbean sea  
Come on everybody sing the tune with me

Hey Caribbean moon yellow yellow  
Caribbean moon yellow yellow  
Caribbean moon yellow yellow  
Caribbean moon shine all night

When I sing this song it makes me feel so glad  
It was very musical, the love we had  
Oh Martha, Martha let me sing to you  
The song about the moon and the big bamboo
