

She Can See Me

Kevin Devine

I try to do it, but I don't
She said "You'll like it," but I won't
I guess they aren't even close
"I have a feeling" and "I know"
Ooh, whoa
Maybe it matters, but at most
I'll try to hide it, and I won't, 'cos
She can see
She can see
Ooh, ooh, whoa
The future's sleeping in my throat
I wanna wake it, but I don't, 'cos
She can see
She can see
Ooh, ooh, whoa
When I say, "No one talks to me like you,"
She says, "They don't know you like I do."
Ooh whoa, ooh ooh
I wanna tell her, but I won't
I try to tell her, but I don't
I guess they aren't even close
"I got a feeling" and "I know"
She can see
She can see
She can see...
Me
