

# Kung Fu

Kevin Gates

Chakra realignment, the way I be kickin' that lingo  
Meditation, I'm in order now, I'm unlike regular people  
I faced a lot then I settled down, the way I be kickin' that lingo  
Got 'em thinkin' I know Kung Fu the way I be kickin' that lingo

I'm 'bout to Enter the Dragon  
I'm 'bout to Enter the Dragon  
High intensity discharge, I got a better medallion  
I'm 'bout to give her the dragon  
I'm 'bout to give her the dragon  
Blowin' on 'em, Bruce Leroy  
I got a fetti for fashion  
Be around me, know you want to  
I'm unlike regular people  
Got 'em thinkin' I know Kung Fu the way I be kickin' that lingo  
Be around me, know you want to  
I'm unlike regular people  
Got 'em thinkin' I know Kung Fu the way I be kickin' that lingo

Red Porsche lookin' like a crab, I'ma go cop a Sebastian  
Bitch brain game through the dash  
Musta been takin' some classes  
She's a swallower, got a scholarship, I wonder where she got her Master's  
Houston we got a problem, I need space, intergalactic  
I'm 'bout to open a wrapper, I meant to say open a package  
I'm 'bout to read me a brick, I meant to say book  
Promise I will not slip again  
Continental, no Michelin, well it's only there when I'm in the Benz  
I'm bein' hated by many men, get rich or die like I'm 50 Cent  
Remember when life was the simplest, back when I didn't have fifty cent  
Sober now, I'm takin' Yoga classes  
I'm a great example, great sex haver  
In-shape for the Met Gala, come in Kim Kardashian  
Dick in your back, now look back at it

I'm 'bout to Enter the Dragon  
I'm 'bout to Enter the Dragon  
High intensity discharge, I got a better medallion  
I'm 'bout to give her the dragon

Blowin' on 'em, Bruce Leroy

Vibe, I'ma roll a fly way in a driveway at double R  
Voice activation at the start, push button, I ain't gotta park  
Really talkin' 'bout California, New York, I ain't got a car  
I'm beyond, so the Altamar nonchalantly coolin' by your broad  
Hard, how much it cost? You gotta ask, you not someone I should be around  
Valet gonna offer me orange juice, when in Paris I'm shoppin', at Leganow  
Fashion jacket got iron swagger, rockin' a magazine with a Rod  
Tobacco leaf, Ecuador

Mind your business, not gettin' bored  
Soft touch, close, slammin' the door on some shit that I know that you can't afford  
We 'bout to eat on the bed but I tend to sleep more comfortable on the floor  
For keepin' it real, never won awards  
If you wanna meet, it may be yours  
If you wanna meet, it may be yours  
If you wanna meet, it may be yours

I'm 'bout to Enter the Dragon  
I'm 'bout to Enter the Dragon  
High intensity discharge, I got a better medallion  
I'm 'bout to give her the dragon
