

Vibe Out

Kevin McCall

In the nap it's just a message in the middle of the night
Saying what you doing up this days
I can't sleep withyou on my brain
It's more then fizical with you
Ooh I, but I've been lying if I say I didn't want to taste you
I can tell that you want it too
Get to notice when I kissed you well your dad it's how open doo
r to me
Ooh, and did you notice when I ask how it is
It's when you sya my nick name
She call me daddy, call me daddy
Cuz I do her body right, shawty call me daddy
Ooh yeah I do it all right
Let's just vibe, let's just vibe, let's just vibe out
Let's just vibe, but if you want to get on top of me on will ri
de out
Even if you get the message
