

Good Girl.

Kiana Ledé

Why do good girls end up with the bad guys
Bad guys
Bout to turn my savage up that's from my dad's side
Dad's side
Why do good girls always end up with the
Bad guys
I fell in love with a bad guy

Talkin bout myself
Cause I'm a good girl
With a bad side
Got my hands tied
To a landslide
Yeah it's stick up
And I can't hide
Always end up
On the wrong side

Gotta take my own advice
Since I'm always right
Take my own advice
Since I'm always right

Gotta take my own advice
Since I'm always right
Take my own advice
Since I'm always right

I'm on my own
You on your hoes
That shit so basic
Know if I put you to a test
You ain't gon ace it
It's on your lips all on your tongue
And I can taste it
Mean no offense to all the good one but men ain't shit

Yeah I'm a good girl
With a bad side
Only feels good
When it ain't right
Yeah it's stick up
And I can't hide
Always end up
On the wrong side

Gotta take my own advice
Since I'm always right
Take my own advice
Since I'm always right

Gotta take my own advice
Since I'm always right
Take my own advice
Since I'm always right

False promises and false pretense

I hate that you didn't even wait to fill me in when you found that it was all a lie
True say I can never be nobody else
I would never try
True say I do anything to keep a good girl in my life
All that I accomplished would be nothing at all
If I pick up my phone at night and had no one to call
But babe you know I'm falling in love with you but still trying to earn your trust
But damn it's our my luck
You showed me what you got
I got myself a good girl
With a bad side
When you're with me
Girl it feels right
A couple hiccups
But I'm on your side
If you know that babe
It's gonna be alright
