

## Separation.

Kiana Ledé

Do you think about me when I'm gone  
Do you think about me when you need your space  
Do you think about me when your horny  
Do you think about me every fucking day

Let me know  
Let me know  
(I gotta know)  
I gotta know  
I gotta know

I been thinking bout separation  
If you miss it  
If you gon locate that destination  
When you get home  
And I'm hoping that distance  
Gon make you wanna kiss it  
My Pussy like a vacation  
That you been waiting on

When you're all alone  
I hope that you wishin I can sit up on it  
What you working on  
Only one for the job and you gone get it done

Do you think about me when I'm gone  
Do you think about me when you need your space  
Do you think about me when your horny  
Do you think about me every fucking day

Let me know  
Let me know  
(I gotta know)  
I gotta know  
I gotta know

Yes I'm always thinkin' 'bout you  
Yes it's lonelier without you  
Yes I always wanna fuck  
Yes I'm equally in love  
Like when I see you pull up in your Bentley truck  
(That's what)  
Keep a nigga in the vibe, baby  
After work I wanna slip inside, baby  
The spotlight lookin really nice lately  
See I ain't gotta think twice my my lady

Do you think about me when I'm gone  
Do you think about me when you need your space  
Do you think about me when your horny  
Do you think about me every fucking day

Let me know  
Let me know  
(I gotta know)  
I gotta know  
I gotta know

(Said you gotta know baby)

Do you think about me when I'm gone  
Do you think about me when you need your space (all the time)  
Do you think about me when your horny (all night)  
Do you think about me every fucking day

Let me know (I let you know)  
I let you know  
I let you know  
I gotta know  
I gotta know
