Red Eye

Kid Cudi

Haim!!

Love, hate, play this game of give and take
Won't stay, we all make mistakes
I'll say, what a wonderful escape
I erase
Hey, hey, hey

Things get crazy, feel like I'm losing my mind
I don't know what to do
I'm going insane and I really don't know why
There's only one thing to do
I'm floating through the night on a red eye (2x)
(2x)

I can't understand, I don't understand it
The visions in my head
I just can't make sense of it
(2x)

Cause

I can never run (3x)
There's no use for it baby
(3x)

I can never run (3x)
I'm so used to you baby

Things get crazy, feel like I'm losing my mind
I don't know what to do
I'm going insane and I really don't know why
There's only one thing to do
I'm floating through the night on a red eye (2x)
(2x)

Things get crazy, feel like I'm losing my mind
I don't know what to do
I'm going insane and I really don't know why
There's only one thing to do
I'm floating through the night on a red eye (2x)
