

# Give It To The Moment

Kiesza

Feelings are starting to find you  
The more that you see it, the more it rewinds you  
And all of you're being that's dragging behind you  
Is holding and screaming, I try to remind you

That the reason you're lonely (lonely)  
It's cause you listen to everything that you hold in (hold in)  
When your out fishing for yourself in the ocean (ocean)  
But you don't know that it's the key that you're locked in  
Locked in, locked in  
Yeee

All I need, is you to bring what you are  
And give it to the moment  
All I need, is you to bring who you are  
And give it to the moment  
All I need, is you to bring what you are  
And give it to the moment  
All I need, is you to bring who you are  
And give it to the moment  
(Give it to the moment)  
(Give it to the moment)

Questions you've always been asking  
I've giving you answers, but this all makes a clashing  
You feel like you're drowning  
It's not cause you can't swim, you're just holding your breath in

But the reason you're lonely (lonely)  
Is cause you listen to everything that you hold in (hold in)  
When you are fishing for yourself in the ocean (ocean)  
But you don't know that it's a cage that you're locked in  
Locked in, locked in  
Uuuuhhhhhuuhhh

All I need, is you to bring what you are  
And give it to the moment  
All I need, is you to bring who you are  
And give it to the moment  
All I need, is you to bring what you are  
And give it to the moment  
All I need, is you to bring who you are  
And give it to the moment  
(Give in to the moment)  
(Give in to the moment)

Don't run away if you don't know what to do  
Don't be afraid if you're still hiding the truth  
Don't try to be someone you still want to  
Just find a way to be you

All I need, is you to bring what you are  
And give it to the moment  
All I need (need, need, need, need, need, need)  
Give it to the moment  
(Give it to the moment)  
All I need, is you to bring what you are

And give it to the moment  
All I need, is you to bring who you are  
And give it to the moment  
Give it to the moment  
Give it to the moment  
Give it to the moment  
Give it to the moment
