

# Implant

## Killing Joke

Silent weapons for a quiet war  
Under my skin, getting under my skin  
All systems go  
Security clause, passing of laws  
Reality  
Silence in the air, silence in the air  
Acceptance  
Information from birth, animals are first  
then man  
Silent weapons for a quiet war

Chorus

ID  
Not free  
For me  
You cant  
Escape  
Implant

Implant to the next step  
You don't want to protect

You just want to fucking control

Know my DNA, know my DNA, my structure  
Know the movements of my day, know the  
movements of my day and haunts  
Hypnotise, hypnotise, acclimatise  
Fingers in control, fingers in control

Silent weapons for a quiet war

Chorus

Deep below the ground  
Deep below the ground  
Blasphemies  
Deep below the ground  
Deep below the ground  
Hybrids  
Hypnotise  
Acclimatise
