

To the Sons of Man

Killswitch Engage

You son of man I am here as a witness
You son of man can't you see what burns inside me

This fire will consume as the flames purify
With the peace that passes understanding
This is my outcry

From dust to dust we will return
The flesh is temporary the soul is eternal

I am here as a witness
This is you will see is fire, purifies

This fire will consume as the flames purify
(This fire will consume as the flames purify)

Son of man can't you see
Son of man you can't save yourself
