

Breathing Room

Kim Walker-Smith

I have found breathing room
My soul can rest in You
No longer have to fight
The burden's lifted
The weight is light

You are my steady ground
No need to worry now
The fog has cleared away
And I stand uncovered
Walk in Your grace

My heart is wide open
My heart is wide open
As I breathe in every word
That You've spoken
My heart is wide open
My heart is wide open
As I breathe in every word
That You've spoken

You speak right to my core
Don't have to hide anymore
There's nothing I can do
But stand in Your presence
Completely consumed

My heart is wide open
My heart is wide open
As I breathe in every word
That You've spoken
My heart is wide open
My heart is wide open
As I breathe in every word
That You've spoken

I'm letting go
I'm letting go
There is breathing room
For my soul
I'm letting go
I'm letting go
There is breathing room
For my soul

But we let go, tonight?
We lay it all down tonight, yeah

My heart is wide open
My heart is wide open
As I breathe in every word
That You've spoken
My heart is wide open
My heart is wide open
As I breathe in every word
That You've spoken
My heart is wide open

My heart is wide open
As I breathe in every word
That You've spoken
My heart is wide open
My heart is wide open
As I breathe in every word
That You've spoken

My heart is wide open, oh
Breathe in every word
I breathe in every word
Every word of peace that calms the storm
Every word of peace that calms the trembling
I breathe it in every single word
Every promise, I breathe it in
Your voice is life to me
Your voice is life to me
Every single word that You speak
I'm hanging on every single word You speak, Jesus
This is life to me
This is the air that I'm breathing
This is the air that I'm breathing
I don't wanna move one single step without You
Don't wanna go one single step without You
Oh, my heart, my heart is wide open
To every single word, every single word
My heart is wide open
When the door is open, when the door is shut
My heart is wide open, my heart is wide open
I surrender to Your will
And I'm surrendering to Your wave
I trust You, Jesus
I trust You, Jesus
I trust You, Jesus
I trust You, Jesus
Above everything, yeah
Oh-oh, yeah

My heart is wide open
My heart is wide open
As I breathe in every word
That You've spoken
My heart is wide open
My heart is wide open
As I breathe in every word
That You've spoken
